

St Joe Kickers & Kohn Lehmann Facilities COVID-19 Rules

Coaches, Players, and Spectators need to make an effort to comply with the Executive Order 180 and the Return to Play MSYSA guidelines.

Players need wear face covering while at game facility before, during, and after games while around others. It is not violating the EO to have a player face mask down for brief times when they are not within 6 feet of another player. If a player is unable or unwilling to play with a face covering then they should not be playing in the game. If a player needs to breath deeper without a face covering at moments during the game then they should do so for their well being.

Coaches need to follow the Executive Order by wearing face covering while at game facility before, during, and after games while around others. Coaches also are expected to respectful of the referees, exhibit sportsmanship, and be mindful of player well being.

Spectators need to wear face covering while at game facility before, during, and after games while around others as a condition of Governor Whitmer's EO for your children to play soccer games. If you are unwilling to follow the EO then for the sake of soccer games being allowed to continue it may be best if you not attend the game.
